Mr. Becker reported on his discussion with Mr. Cutler yesterday and stated that he had agreed to (1) advise us of the intelligence items brought to the President's attention and also any comments the President might make on the items; (2) continue to receive a summary of the Watch Committee reports.

Mr. Becker also stated that Cutler would welcome our recommendations as the intelligence items that should be placed before the President.

Mr. Wolf reported that the Senate Committee on Post Office and Civil Service had again requested that CIA furnish the names and grades of all of its employees to that Committee under the provisions of a proposed resolution by Senator Carlson -- this resolution applies to all Government agencies. After some discussion, DDCI undertook to discuss this matter with Senator Carlson and possibly Sherman Adams.
